Thanks for looping me in, Lucita!

Please let me know if I can help with anything. In the meantime, I'll start taking a look at the index that the consultant compiled.

Thanks Lucita. Do you have a sense of when Valois hopes to have responses to the comments compiled?

In case you are interested, the attached document is basically an index of the comments. The link below is the contractor's document grouping all the comments. You can refer to Valois's word doc to find the page of specific subjects.

Hi Lucita,  
Attached is the document listing the comment categories under which Cadmus grouped the public comments received during the public hearings and the public comment period. The document Cadmus created is 913 (landscape format) pages. I listed the page numbers where each category begins within the document so you get an idea of the volume of comments included under each category.

Here is the link to the Cadmus documents on the I: drive:
